Agenda Status: Open
- 11:15 AM 2210A Configuration Management - What Changed?**
Location: South Pacific A - Mandalay Bay North Convention Center
Agenda Status: Open
- 11:15 AM 2099B Whats Behind IBM DB2 pureScale with Intel Xeon Processors on System x Servers**
Location: South Pacific G - Mandalay Bay North Convention Center
Agenda Status: Open
- 1:45 PM 1071A Data Governance for Database Administrators (DBAs): Privacy for Test Data Assets**
Location: Islander I - Mandalay Bay North Convention Center
Agenda Status: Open
- 1:45 PM 2357A Managing the Performance of your DB2 applications with Optim**
Location: South Pacific A - Mandalay Bay North Convention Center
Agenda Status: Open
- 3:00 PM 3162A Anixter Uses IBM DB2 pureScale and Optim for Mission Critical Applications**
Location: South Pacific A - Mandalay Bay North Convention Center
Agenda Status: Open
- 3:00 PM 1692A Save Money! New Tools and Their Usage to Convert From Oracle Faster - Part 1**
Location: South Pacific B - Mandalay Bay North Convention Center
Agenda Status: Open

4:30 PM 2878A DB2 9.7: How to Create, Maintain and Monitor Huge Tables

Location: Islander I - Mandalay Bay North Convention Center

Agenda Status: Open

4:30 PM 2563A The Latest From the Lab on IBM DB2 pureScale

Location: South Pacific A - Mandalay Bay North Convention Center

Agenda Status: Open

Wed, October 26

8:15 AM 3792A Wednesday General Session: New Possibilities

Location: Events Center - Mandalay Bay Events Center

Agenda Status: Open

10:00 AM 1060A IBM DB2 Compression - More Than Saving Disk Space on My Warehouse Database System

Location: Islander I - Mandalay Bay North Convention Center

Agenda Status: Open

11:30 AM 2070A Optimizing IBM DB2 Connect Deployments

Location: Islander B - Mandalay Bay North Convention Center

Agenda Status: Open

11:30 AM 1523A Workload Management Best Practices Using Optim Performance Manager

Location: South Pacific A - Mandalay Bay North Convention Center

Agenda Status: Open

2:00 PM 3297A IBM InfoSphere Optim Tools for Performance, Administration, and Availability

Location: South Pacific A - Mandalay Bay North Convention Center

Agenda Status: Open

2:00 PM 1215A Long-Distance Call Using IBM pureScale - Early experiences

Location: South Pacific C - Mandalay Bay North Convention Center

Agenda Status: Open

3:15 PM 2228A Automatic Storage - Making the Task of DB2 Storage Management Easier With Each New Release

Location: South Pacific A - Mandalay Bay North Convention Center

Agenda Status: Open

3:15 PM 3323A Be Surprised by IBM DB2 Autonomic Features That Make Your Life Easier

Location: South Pacific C - Mandalay Bay North Convention Center

Agenda Status: Open

4:30 PM 3292A A Deep Dive into Performance Tuning for IBM DB2 LUW

Location: South Pacific A - Mandalay Bay North Convention Center

Agenda Status: Open

4:30 PM 2250A Reality Check: Converting Oracle Applications to DB2

Location: South Pacific B - Mandalay Bay North Convention Center

Agenda Status: Open

Thu, October 27

8:15 AM 2184A IBM and Intel Collaborate to Improve In-memory Performance

Location: Islander I - Mandalay Bay North Convention Center

Agenda Status: Open

8:15 AM 2094A Performance Success with DB2 LUW

Location: South Pacific A - Mandalay Bay North Convention Center

Agenda Status: Open

8:15 AM 3562A IBM DB2 Speaks Oracle: Technology Session

Location: South Pacific B - Mandalay Bay North Convention Center

Agenda Status: Open

10:00 AM 3170A An IBM DB2 for Linux, UNIX and Windows Security Primer

Location: Islander I - Mandalay Bay North Convention Center

Agenda Status: Open

10:00 AM 2230A Demystifying Logging and Recovery in DB2 for Linux, UNIX and Windows

Location: South Pacific A - Mandalay Bay North Convention Center
Agenda Status: Open

10:00 AM 2558A IBM DB2 pureScale : Internals and Best Practices for DBAs

Location: South Pacific C - Mandalay Bay North Convention Center
Agenda Status: Open

11:30 AM 1573A The Database Administrators Guide to IBM DB2 High Availability and Disaster Recovery

Location: South Pacific A - Mandalay Bay North Convention Center
Agenda Status: Open

11:30 AM 1048A Why IBM DB2 pureScale Out Ranks Oracle RAC

Location: South Pacific B - Mandalay Bay North Convention Center
Agenda Status: Open

2:00 PM 2630A Achieve Table Maintenance Within DB2 - Online and Efficiently

Location: South Pacific A - Mandalay Bay North Convention Center
Agenda Status: Open

2:00 PM 1611A IBM DB2 pureScale Performance - the Significant Bits About Configuration, Monitoring and Tuning

Location: South Pacific C - Mandalay Bay North Convention Center
Agenda Status: Open
